November	15	Sun	All day	Caversham Revival	Caversham	Thomas Benson	9255-1762

Future Events

The shed/resto run is scheduled for 31st May. So far Ian Medcraft has kindly offered his shed and collection and I have had offers from Barry Ryle and Rob Stewart. We would however like to hear from other members who we haven't visited before or not for a long time. What about newer members? Let's see what brought you to the VAA?

John Young has organised another night visit to the Perth Observatory on March 21st. Bookings are essential and we need a minimum of 50 people, so register your interest now. Anyone else got an idea for a night run for February? What about a drive-in night?

If any one has a suggestion or is wishing to slot in and organise a run, please contact Ray Smith, events coordinator 9309-4837, or events assistants in the above calendar.
